INDEPENDENT AUDITORS' REPORT To the members of EAST COAST POWERS LIMITED

Report on the Standalone Financial Statements

We have audited the standalone financial statements of East Coast Powers Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss (Statement of Changes in Equity), and the Cash Flows statement for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2019 and profit/loss, (changes in equity) and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India (the ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we have determined that there are no key audit matters to communicate in our report.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also
 responsible for expressing our opinion on whether the company has adequate internal financial controls
 system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were o most significance in the audit of the financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the financial position of the Company as at 31st March, 2019, and its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us during the course of audit, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the order.
- 2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the of cash flow statement and statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) On the basis of the written representations received from the directors as on 31stMarch 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2019 from being appointed as a director in terms of Section 164 (2) of the Act;

- (f) As required by section 143(3)(i) of the Companies Act, 2013, and based on the checking of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, our separate report with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls is as per Annexure 'B'
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - The Company does not have any pending litigation which could impact its financial position;
 - The Company did not have any long term contracts for which there were any material foreseeable losses.
 - There was no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.

ANNEXURE "A" TO THE AUDITORS' REPORT To the members of EAST COAST POWERS LIMITED Referred to in our Report on other legal and regulatory requirements For the Year ended 31st March, 2019

On the basis of such checks as we considered appropriate and according the information and explanations given to us during the normal course of our audit and to the best of our knowledge and belief, we state that

- i) The Company does not have any fixed assets hence the requirement of clause 3(i) of paragraphs (a) (b) & (c) of the said Order is not applicable to the Company.
 - The Company does not have any immovable properties of freehold land and leasehold land and buildings that have been taken on lease and disclosed as fixed assets in the Ind AS financial statements.
- ii) The nature of business of the Company does not require it to have any inventory. Hence, the requirement of clause 3(ii) of the said Order is not applicable to the Company.
- According to the information and explanations given to us, the Company has not granted any secured or unsecured loans to companies, firms, limited liability partnerships and other parties mentioned in the register maintained under section 189 of the Companies Act 2013. Accordingly, paragraphs 3(iii)(a),(b) & (c) of the order are not applicable.
- iv) The company has not advanced any loan or given a guarantee or security nor has made any investments within the meaning of section 185 and 186 of the Act and the rules framed there under. Accordingly clause 3(iv) is not applicable.
- v) The Company has not accepted Deposits. Hence the question of compliance of the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any relevant provisions of the Companies Act 2013 and the rules framed there under, does not arise. No order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any Tribunal against the company.
- vi) The Central Government has not prescribed the maintenance of cost records under subsection (1) of section of 148 of the Companies Act, 2013.

- vii) (a) In our opinion and according to the information and explanations given to us, and based on the records of company examined by us, the Company is generally regular in depositing undisputed statutory dues including Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Goods & Service Tax, Duty of Customs, Duty of Excise, Value added Tax, Cess and other material statutory dues with the appropriate authorities in India.
 - (b) According to the information and explanations given to us and based on the records of the company examined by us, there are no cases of non deposit with appropriate authorities of disputed dues of Income Tax , Sales Tax , Service Tax , Goods & Service Tax, Duty of Customs, Duty of Excise, Value Added Tax and Cess on account of any disputes.
- viii) The Company has not availed any loans or borrowings from any bank, financial institution and government. Hence the question of default in repayment of borrowings does not arise. Further the company has not issued any debentures.
- ix) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans. Hence the question of application for the purpose for which those are raised does not arise.
- x) During the course of our examination of the books and records of the company, carried in accordance with the auditing standards, generally accepted in India, we have neither come across nor reported any instance of fraud by the company or any fraud on the company by its officers or employees.
- xi) The company has neither paid nor provided any managerial remuneration during the year. Hence the question of compliance of provisions of section 197 read with schedule v of the Act does not arise.
- xii) The provisions of any statute applicable to Nidhi Companies are not applicable to the company.
- xiii) All transactions with related parties entered in to by the company are in ordinary course of the business in compliance with section 177 and 188 of the Act and details have been disclosed in the Financial Statements etc, as required by the applicable Accounting Standards.

xiv) The company has not made preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Hence the clause 3(xiv) of the order is not applicable to the company.

xv) The company has not entered in to any non cash transaction with directors or persons connected with them. Hence the clause 3(xv) of the order is not applicable

xvi) The company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence the clause 3(xvi) of the order is not applicable.

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of EAST COAST POWERS LIMITED ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Board of Directors is responsible for establishing and maintaining internal financial controls, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Note-1

Significant Accounting Policies and Notes on Accounts as at and for the year ended on 31st March, 2019

1. Corporate Information

East Coast Power Limited (ECPL) is a public limited company domiciled and incorporated in India and a wholly owned subsidiary of Jayshree Chemicals Limited. The registered office of ECPL is 31 Chowringhee Road Kolkata-700016. The Company has yet to start any commercial operation. These financial statements are prepared in Indian rupees.

The financial statements were approved and adopted by board of directors of the Company in their meeting held on 14th May, 2019.

Basis of preparation Compliance with Ind AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") as issued by the Ministry of Corporate Affairs ("MCA").

For all periods up to and including the year ended 31st March, 2017, the Company had prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 [Indian GAAP].

3. Significant accounting Policies and Key Estimates and Judgements

3.1 Basis of Measurement

These financial statements are prepared on historical cost basis except for certain financial Assets and liabilities (including derivatives instruments) measured at fair value.

3.2 Use of Estimates

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumption. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenue and expenses during the period. Application of accounting policies that requires critical . accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimate could change from period to period. Actual results could differ from those judgments. Appropriate changes in estimates are made as management become aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

3.3 Significant accounting Judgments, estimate, assumptions

In the process of applying the Company's accounting policies, management has made the following key estimates, assumptions and judgments, which have significant effect on the amounts recognized in the financial statement:

(a) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

(b) Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(c) Defined Benefit Plans

The cost of the employment benefits such as gratuity and leave obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds O JAIN 4

KOLKATA

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates.

3.4 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/noncurrent classification.

(A) An asset treated as current when it is:

Expected to be realized or intended to be sold or consumed in normal operating cycle

Held primarily for the purpose of trading (ii)

- Expected to be realized within twelve months after the reporting period, or (iii)
- Cash or Cash equivalent unless restricted from being exchanged or used to (iv) settle a liability for at least twelve months after the reporting period All other assets are classified as non-current.

(B) A liability is current when:

It is expected to be settled in normal operating cycle (i)

It is held primarily for the purpose of trading (ii)

- It is due to be settled within twelve months after the reporting period, or (iii)
- There is no unconditional right to defer the settlement of the liability for at (iv) least twelve months after the reporting period All other liabilities are classified as non-current.

3.5 Reclassification of financial assets and liabilities

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no classification is made for financial assets which are equity instruments and financial liabilities. For financials assets which are debt instruments; a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The company's senior management determines change in the business model as a result of external or internal changes which are significant to the company's operations. Such changes are evident to the external parties. A change in the business model occurs when the company either begins or ceases to perform an activity that is significant to its operations. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period. Following the changes in business model, the company does not restate any previously recognized gains, losses (including impairment gains or losses) or interest.

3.6 Significant Accounting Policies

a. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Interest Income

Interest Income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

b. Taxation

Income tax expense represents the sum of current and deferred tax (including MAT).

Current income tax assets and liabilities are measured at the amount to be recovered from or paid to taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Income tax expense is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or other comprehensive income, in such cases the tax is also recognized directly in equity or in other comprehensive income.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognized for all deductible temporary differences, Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

c. Provision and Contingencies

A provision is recognised if as a result of past event the company has a present legal or constructive obligation that is reasonably estimated and it is probable that an outflow of economic benefit will be required to settle the obligation. Provisions are determined by discounting the expected cash flow at a pre-tax rate that reflects current market assessments of the time value of the money and the risk specific to the liabilities.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The Company does not recognize a contingent liability but discloses its existence in the financial statements. if material, are disclosed by way of notes to the accounts.

Contingent assets are not recognised in the financial statements, as they are dependent on the outcome of legal or other processes.

d. Cash and Cash Equivalents

Cash and Cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of statement of cash flows, cash and cash equivalents consist of cash at banks and on hand and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of Company's Cash Management.

e. Earnings Per Share

Basic Earnings per equity shares are calculated by dividing the net profit or loss before OCI for the period attributable to equity shareholders by the weighted average number of equity share outstanding during the year.

For calculating diluted earnings per share, the net profit or loss before OCI for the period attributable to equity shareholders and the weighted average number of share outstanding during the period are adjusted for the effect of all diluted potential equity shares.

f. Financial Instruments

(a) Financial Assets

Initial Recognition and Measurement

All financial Assets are recognised initially at fair value plus, in case of financial assets not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the financial asset.

Subsequent measurement

(i) Financial Assets carried at amortised Cost- A Financial Assets is subsequently measured at amortised cost, using effective interest rate (EIR) method, if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest term on the principal amount outstanding.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company

(ii) Financial Assets at fair value through other comprehensive income- A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on a specified date to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investment which are classified as equity instruments to present the subsequent changes in fair value in other Comprehensive income based on its business model., Further in case where the company has made an irrecoverable election based on its business model for its investments, which are classified as equity instrument the subsequent changes in fair value are recognised in other comprehensive income.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

(iii) Financial assets at fair value through profit or loss- A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss

(b) Financial Liabilities

Initial recognition and Measurement

Financial Liabilities are recognised at fair value on initial recognition and in case of loan and borrowing or payables net of directly attributable transaction costs.

Subsequent Measurement

Financial Liabilities are subsequently carried at amortized cost using effective interest rate method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

For trade and other payables maturing within one year from the Balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

KOLKATA

(c) De-recognition of financial instrument

The company de-recognises the financial assets when contractual right to cash flow from financial assets expire or it transfer the financial assets and transfer qualities for de-recognition under IND AS 109. A financial liability or a part of a financial liability is de-recognised from the company's Balance Sheet when obligation specified in the contract is discharged or cancelled or expires.

(d) Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

g. Fair value financial instruments

The company measure financial instrument at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In determining the fair value of its financial instruments, the company use various method and assumption that are based on market conditions and risks existing at each reporting date. The methods used to determine the fair value includes discounted cash flow analysis, available quoted market price and dealer quotes and valuation report etc. The method of assessing fair value results in general approximation of value and such value may never actually be realised.

Fair Values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

When measuring the fair value of an asset or liability, the company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

NOTES ON ACCOUNTS

22. Financial risk management objective and policies

The Company's financial liabilities include Loan and borrowing, security deposits, retention money and Trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include investments, trade & other receivables, deposits and cash & cash equivalents.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to hedge certain risk exposures. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes.

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk, and Equity Price Rise. The Company has a Risk management policy and its management is supported by a Risk management committee that advises on risks and the appropriate financial risk governance framework for the Company. The Risk management committee provides assurance to the Company's management that the Company's risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

A. Credit Risk- A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables is Rs. NIL as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

An impairment analysis is performed at each reporting date on an individual basis. The calculation is based on historical data of credit losses.

DAINE

B. Liquidity Risk- A risk that the Company may not be able to settle or meet its obligations at a reasonable price is defined as liquidity risks. The Company's treasury department is responsible for managing liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, Term loans among others.

- C. Market Risk- A risk that the fair value of future cash flows of a financial instrument may fluctuate because of changes in market prices is defined as Marketing Risk. Such changes in the value of financial instruments may result from changes in the foreign currency exchange rates, interest rates, credit, liquidity and other market changes.
 - (i) Foreign Currency Risk- A risk that the fair value or future value of the cash flows of a forex exposure will fluctuate because of changes in foreign exchange rates is defined as Foreign Currency Risk. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's import and foreign currency loan/ derivatives operating activities. The Company, as per its risk management policy, uses foreign exchange and other derivative instruments primarily to hedge foreign exchange exposure. The management monitors the foreign exchange fluctuations on a continuous basis.

Derivative instruments and unhedged foreign currency exposure:

The Company does not enter into any derivative instruments for trading or speculative purposes.

(ii) Interest rate risk-The Company's exposure to the risk of changes in market interest rates relates primarily to long term debt. <u>The Company</u> is not exposed to such risk as on 31st March, 2019.

Maturity profile of Financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

(Rs.)

Financial Liabilities	0-1 year	2-5 year	5-10 year	Above 10 years
As at 31th March 2019				34410
Borrowings	5,171,614			
Trade Payables	-			
Other financial liabilities	95,600			
Total	5,267,214			
As at 31" March 2018				
Borrowings	4,640,465			
Trade Payables	-			
Other financial liabilities	95,101			
Total	4,735,556			
2000				

23. Capital management

The Company's objective when managing capital (defined as net debt and equity) is to safeguard the Company's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, while protecting and strengthening the Balance Sheet through the appropriate balance of debt and equity funding. The Company manages its capital structure and makes adjustments to it, in taking into consideration the economic conditions and strategic objectives of the Company.

For the purpose of the Company's capital management, capital includes issued capital, share premium and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits.

The Company monitors capital using gearing ratio, which is debt divided by total capital (including reserves & surplus) as under:

Particulars	As at March 31, 2019	As at March 31, 2018
Loans and borrowings	5,171,614	4,640,465
Total capital (including Reserve & Surplus)		45,21,777
Gearing ratio	130%	103%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches of the financial covenants of any interest bearing loans and borrowing for reported periods.

24. Earning Per Share (EPS):

	31st March, 2019	31st March, 2018
Net profit attributable to equity shareholders (Rs.)	(566,138)	(504,557)
Weighted average of equity shares (Nos.)	650000	650000
Nominal value of equity shares (In Rs.)	10	10
Basic/Diluted EPS (in rupees)	(0.87)	(0.78)

25. Previous year's figures have been regrouped and rearranged wherever necessary.
